

GOOD TIMES ARE HERE AGAIN

Welcome back, old and new members.

It has been a difficult period for offshore workers with falling oil prices, downsizing and redundancies. Now there is a light at the end of the tunnel. There are more jobs for the platforms and the companies are hiring again.

We want to celebrate that the good times are here again. It is good for us, for our families and for society.

We are celebrating by offering **3 months free membership**, all rights and benefits included, to all within the NSA area on

mobile units, platform drilling and associated onshore employees who join up in 2019. You also get to choose between a backpack and an offshore bag as a welcome gift.

Register online, www.industrienergi.no or contact your local shop steward.

Welcome, together we will continue building Norway's largest industry.

Together we are stronger.

HOW DO YOU EARN MONEY AS A MEMBER?

By using several of the benefits of membership, you save money compared to what you pay in fees.

Industri Energi is the largest union in the oil industry and dominating in the floater area. We have the size and strength to negotiate proper terms and safer workplaces. In addition to safety in the workplace, benefits provide safety in your private life.

Some of our benefits:

- > Well established unions with experienced shop stewards that can help when needed
- > Norway's best contents insurance
- > Personal accident insurance
- > Basic life insurance
- > Private legal help scheme
- > Offer of Topp travel insurance

- > Compensation scheme within NR-sector (OSO)
- > Courses/conferences
- > Educational stipends
- > Pensions advisor consultation/pension telephone
- > Access to benefits scheme LOfavør

By being many, we can demand better terms. By being many, we can create good membership benefits. By being many, we are **stronger together.**
